

Prayer for Nursing Practice

God who provides all health and healing,

Bless the nurses who tirelessly care for those in need day
after day in all sorts of situations.

Provide guidance, wisdom, and endurance as bodies,
minds, and spirits are touched by the skillful hands of
nurses and comfort is provided through the presence and
compassion of a nurse.

Remind your faithful nurses to also care for their own
bodies, minds, and spirits so that they serve from a
reserve of strength instead of becoming empty and
exhausted by the suffering and needs of others.

Thank you, God, for the gift of nursing practice and for
calling each nurse by name to care for your people.

Amen
